Mr. Dee Hansen  
State Engineer  
1636 West North Temple  
Salt Lake City, UT 84116

Dear Sir:

This letter is in support of Mr. Stan Roberts as Provo River Commissioner. We feel that Stan has represented our interests well, and it would certainly be a mistake at this point to replace him with someone who is not as knowledgeable or as capable of representing our interests. Stan has always been available for advice and communication, and we feel he will continue to do an excellent job, and urge you to reappoint him to that office.

Sincerely,

Don Shaw, President  
Orem Metropolitan Water Board
